New Business:

- a. Classroom updates (Jill Rummmler) See attached.
- b. Principal's update: (Jim Bailey) Books have gone out for the One Book reading and art show. 70 books were ordered! Josh Funk got us a great deal on the books and personalized them all. We are looking forward to the event.
All grades are up and running for the code.org. We had a couple students record a show called Java with Jan about the coding program.

NWEA testing is going on now. It will be our last round for the year. Superintendent said that some schools had dramatic drops in their scores and he believes taking both the MSTEP and NWEA it's too much. Hemmeter scores have not had this issue. MSTEP will be the only test for the spring. 1st and 2nd grade will have the option to also take NWEA this spring.

Today was the annual food show that one 5th grader from each class attended. The students rate the food and that's how our lunch menus are determined.

- c. Officer Elections: Nominations will be in March, and vote will take place in April. We will be looking for President, Vice President, Treasurer, and Secretary.

Meeting adjourned 6:55
