## Annual Education Report

February 11, 2021

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2019-20 educational progress for the Heritage High School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Brian Blaine, Principal, for assistance.

The AER is available for you to review electronically by visiting the following web site <https://bit.ly/3m0wUyv>, or you may review a copy in the main office at your child's school.

For the 2019-20 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has a student subgroup performing at the same level as the lowest 5% of all schools in the state. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given.

Heritage High School has not been given one of these labels.

In working to identify challenges and achievement gaps, several sources of data were utilized such as: Student Discipline Data, Gaining Academic Potential Class data, NWEA Standardized Testing Data, and MTSS System Strategies of referrals made by staff to counselors. Based upon the data collections, the following areas of focus were established: freshman transition, design of GAP courses, additional NWEA testing, and increased use of MTSS.

State law requires that we also report additional information.
